

BUILD THE FUTURE

AVAILABLE POSITIONS

Installer (all levels)

Install residential PV solar systems, battery storage, and EV wall connectors.

Licensed Electrician

Provide electrical expertise while leading the installation of Tesla energy products.

Roofer

Complete residential re-roofs and Solar Roof installations safely and on time.

Tesla is accelerating the world's transition to sustainable energy. We design, manufacture, sell and service the world's best solar technology, energy storage systems, and electric vehicles, providing customers the opportunity to generate, store and consume energy entirely sustainably. We're tackling the world's most difficult and important problems and we wouldn't succeed without our passion for making the world a better place. We're looking for talented individuals who share that passion and are committed to challenge and to be challenged, to create, and to innovate. Tesla works to build an inclusive environment.
